

Hotel King Karls. Street  
Stockholm, 7/3, 1885.

Dr. Anton Nyström.

Dear sir.

I was extremely sorry to hear from my mother, after her call on your wife yesterday, that you were both so ill!

Having presented the matter of my giving a series of radical lectures, here in Stockholm, to Dr. von Bergen, I desire to do the same with you, and herewith send you the program of the course. How to bring the matter before the attention of all the liberals, and at once, how to secure a liberal, venster audience, I do not know. The whole thing is to be in the exclusive interest of the free-religious movement, with which I am in the deepest sympathy. Pray advise me and help me!

Yours very truly  
Marie A. Brown. 87
